

48VDC UPS Battery Backup System powered through 110 to 240VAC (or 400VAC for some application). This UPS provides battery back-up in case of main power failure for our lights powered in 48Vdc The 4 batteries remain fully charged under normal AC power

- ✦ Metal enclosure
- ✦ 110VAC to 240VAC power supply, 48Vdc output
- ✦ Protection against transient overvoltage on AC and DC side
- ✦ Protection against deep discharge batteries
- ✦ Operating temperature -20°C/+45°C
- ✦ 12 hours back-up for 4 Navilite 48Vdc series or 1 red led Obstaflash 48Vdc medium intensity with 2 navilite 48Vdc
- ✦ terminal connection for optional 48Vdc photocell for night only operation

| Electrical Characteristics | |
|----------------------------|---|
| Main voltage | 110VAC to 240VAC +/-10% 50/60Hz |
| Mechanical Characteristics | |
| Operating temperature | -20/+45°C |
| Size of the power supply | 500mm(height)x400mm(width)x230mm(depth) |
| Weight | 21.5kg |
