

This bird diverter is designed to increase the visibility of overhead lines and reduce the incidence of bird collisions with overhead cables. Extensive field studies have shown that when installed properly diverters significantly decrease bird strikes.

- > Easy "bump and snap" installation on the cable
- No special tools required
- Simple, cost-effective design
- Lightweight (total weight = 180g)
- Manufactured from UV-stabilized polycarbonate and polyethylene materials
- ▶ All metal hardware is corrosion-resistant stainless steel

Mechanical Characteristics		
Cable diameter	Ø up to 40mm	
Operating temperature	100°C max	
Color	yellow	
Weight	180g
