

48V-BAT-12Ah-R [P/N: 113953-R2]

48VDC UPS Battery Backup System powered through 110 to 240VAC (or 400VAC for some application). This UPS provides battery back-up in case of main power failure for our lights powered in 48Vdc The 4 batteries remain fully charged under normal AC power

- ✦ Metal enclosure
- ✦ 110VAC to 240VAC power supply, 48Vdc output
- ✦ Protection against transient overvoltage on AC and DC side
- ✦ Protection against deep discharge batteries
- ✦ Operating temperature -20°C/+45°C
- ✦ 12 hours back-up for 8 NAVILITE 48Vdc series

Option 2 contact alarms (both normally open and normally close available) with de-activation of the alarms coming from the lights during daytime (when the lights are not powered) on are included

Electrical Characteristics	
Main voltage	110VAC to 240VAC +/-10% 50/60Hz
Mechanical Characteristics	
Operating temperature	-20/+45°C
Size of the power supply	500mm(height)x400mm(width)x230mm(depth)
Weight	25.5kg
